

DEAR COLLEAGUES!

We invite you to take part in the International Scientific and Technical Conference "Actual Problems of Powder Material Science" dedicated to the 85th anniversary of the birth of Academician V.N. Antsiferov, which will be held on November 26-28, 2018 on the basis of the Federal State Budget educational institution of higher education "Perm National Research Polytechnic University" at the address: 614990, Perm, Komsomolsky prosp. 29.

THEMATICS OF THE CONFERENCE:

1. Powdered metal and composite materials.
2. Powder materials in additive technologies.
3. Ceramic powder materials.
4. Powder functional materials, nanomaterials and nanotechnologies.

In the sectional reports it is supposed to present the fundamental and applied results of theoretical and experimental studies of the formation of the structure and properties of materials, the technologies for their production and the fields of application.

IN THE PROGRAM

OF THE CONFERENCE:

plenary reports; section reports; poster presentations; "Round table" on "Achievements, problems, perspectives of development of powder materials science", master-class for students and graduate students in digital technologies - 3D-printing and modeling; excursions to the leading industrial enterprises of the city; the cultural program.

The preliminary scientific program of the conference is available on the site:

conf-ncpm.pstu.ru.

LANGUAGES OF THE CONFERENCE:

official languages of the conference are Russian and English.
